Focus 2 Assessment

Name: __________________________  Date: ______________________

This assignment is meant to introduce you to Focus Planner. It is only once piece of information used to help students in the career exploration process.

- The assessment offers students the opportunity to select from five assessments that identify: work interests, work values, skills, personality preferences & leisure interests.
- Each assessment takes between 10 to 15 minutes to complete.
- Students receive instant results and have access to information on related HACC majors and career fields. Students also have the option of skipping the assessment phase and using the product for research.
